Introduction

The Longman Picture Dictionary is specially designed for use in the classroom or at home. It can equally be enjoyed by the child working alone, the child working with a parent/guardian or friend and, of course, the child in class.

The dictionary is divided into two parts. The first part is a full color picture dictionary. Words are listed alphabetically and grouped according to topic. The second part is a complete alphabetical list of all the words in the dictionary with page references.

How to use this dictionary

To find the meaning of an English word ...

If you want to know what the word *skirt* means, look under the letter s in the wordlist at the back of the book. The number next to the word tells you which page the word *skirt* is on.

skateboard 35	South Korean 64
skeleton 55	soy sauce 28
ski 43	space 8
skiing 39	space ship 35
skip 43	space shuttle 35
skirt 20	spade 50
sky 50	spaghetti 29
sleep 45	Spain 64
slide 51	Spanish 64
slipper 20	speedboat 35
slow 59	spider 63

To find an English word for something ...

If you want to know the English word for an article of clothing (e.g. a skirt), look at the Contents (page 4/5) and find the relevant topic, in this case CLOTHES. Turn to page 20. Look for the picture of a skirt in the wordlist and you will find the English word.

To check the spelling of an English word ...

If you want to know how to spell the word *skirt*, look under the letter s in the wordlist or find the word on the appropriate page.

Games and activities

There are games and activities on every double-page spread which help develop skills such as sorting, spelling, counting and matching. These can be done by the child working alone (after being given some initial guidance) or, of course, as classroom activities. The beautiful illustrations with interwoven storylines and visual twists allow the pictures to be used time and time again for a variety of language activities such as storytelling, pairwork etc.
